

KPK842220M BI Oven

RARE. MEDIUM. WELL DONE. AT YOUR COMMAND.

Introducing your new sous chef. Your new tool in the search for the juiciest rack of lamb, the most tender fillet of salmon. Use the FoodSensor to tell the oven how you want your dish cooked – using just the words you would in a restaurant – rare, medium, well done.

Cook to taste, every time

By precisely measuring the core temperature of your food, the Food Sensor lets you know when your rare, medium or well done meat is ready. As well as cooking fish and vegetables just the way you like them.

A self-cleaning oven

With one touch of the Pyrolytic cleaning function, dirt, grease and food residue in the oven is converted into ash that you can easily wipe off with a damp cloth.

More Benefits :

- The Soft Closing Door system ensures a smooth and soundless door closing
- An intuitive rotary Command Wheel that responds immediately to touch for full and instant control over your cooking
