

KSK882220M BI Oven

Turn flavour up to full.

The SteamBoost oven makes more of the flavours within your food. It works in exactly the same way as a traditional oven, with the added benefit of steam. And this is where food gets really exciting because heat, of course, browns and crisps. The introduction of steam makes all the difference. Locking in the natural moisture to deliver a whole range of juicy and succulent dishes

Perfect results with the Food Sensor

Thanks to the Food Sensor of this oven you can measure the core temperature from the center of your dish during the cooking process. So you get the perfect results everytime.

Cooked Evenly everywhere

With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called Hot Air, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be
