LEDlights for more refined cooking

Our LEDlights use far less energy than other lights, with a much longer life expectancy. And they provide expert illumination for greater detail while cooking.

Maximum filtration, again and again

A highly functioning filter that captures and removes fats and odours when cooking. The removable filter can be cleaned in the dishwasher, ensuring that your cooker hood is continually efficient.

One Touch. Complete Control

The full range of hood functions are consolidated into a single electronic control. Meaning settings can be monitored and adjusted with just one touch. Precisely and intuitively.
