

### Every glass flawless. No handwashing required

The 7000 GlassCare Dishwasher offers specialist care for glassware throughout the cleaning process. The unique SoftGrip feature ensures that the stem and foot of every glass are held gently but firmly in the right position.

## Product Benefits & Features

### The GlassCare system helps protect glasses from breaking

The GlassCare system protects fragile glassware. It uses SoftSpikes in its upper rack to securely hold glasses, and has a unique bottom rack that safely holds stem glasses, protecting them from excessive vibration that can lead to breaking.

### Customisable space and convenient cleaning with MaxiFlex

The MaxiFlex drawer is engineered to accommodate cutlery and utensils of many sizes, whether large or awkwardly shaped. Flexible dividers and maximised depth mean each load is customisable. Essentially every item is seamlessly loaded and cleaned in one go.

### Customisable eco dishwashing with just a touch

With the 6000 QuickSelect Dishwasher you can use the My Time slider to select the cycle time, the Ecometer will display the eco performance for each of the possible selections. So, you can easily select the best option with just a touch.

### Always know exactly when the dishwasher is done

Thanks to TimeBeam you can be fully up to date on the status of your dishwashing cycle at a glance. While the cycle is still in progress, TimeBeam technology projects the remaining amount of time in a clear red light on the floor. Simple, straightforward and effective.

### Open the door to dry dishes

AirDry delivers up to 3x better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.
