- Cutlery basket
- Lower basket with 2 foldable plate racks, Plastic handle
- AQUA-CONTROL
- GlassProtectionSystem
- Indications for salt and rinse aid

**Customisable eco dishwashing with just a touch**

With the 6000 QuickSelect Dishwasher you can use the My Time slider to select the cycle time, the Ecometer will display the eco performance for each of the possible selections. So, you can easily select the best option with just a touch.

**At-a-glance check**

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and effective.

**Open the door to dry dishes**

AirDry delivers up to 3x better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.

**Seamless integration**

PerfectFit Sliding Hinge system makes for seamless dishwasher installation. It accomodates all niche machine heights and removes the need to cut the plinth. Fit for any modern kitchen.
