Kitchen design. On your terms

ComboHob Bridge brings a powerful induction hob and an extraction fan together into one masterful product. Kitchen design is no longer restricted as to where an overhead hood can be placed. Experience design freedom, with the convenience of a hybrid hob.

Cooking and extraction in one. With ComboHob

ComboHob is the product of an extraction fan and powerful induction hob. Providing limitless options for a new kitchen design. Ultimate convenience and a modern, minimalist look.

Automated extraction. With Hob2Hood

Hob2Hood technology allows for automated extraction during cooking. If you turn the temperature up or down on the hob, the hood's fans will adjust themselves accordingly. Meaning all your focus goes into your food.

More Benefits :

- Bridge function brings two heat zones together. For a larger cooking zone.
- Ensure ComboHob always performs at its best, with the removable extraction grid.
- Induction Touch Controls are the easy way to manage temperature and extraction.
