

Slim, sleek and 20% faster.

The new AEG gas hob is faster in getting that right flavour. The speed burners in this hob gives you 20% more speed compared to a normal gas hob and the smooth stainless steel surface fits perfectly in your kitchen design.

Product Benefits & Features

Speed Burners - accurate heat for faster performance

The design of the Speed Burners in this AEG gas hob allows for the flames to directly target the bottom of the pan, providing quicker heat and greater efficiency. These high-speed burners get you cooking up to 20% faster.

- Independent hob with controls
- Hob type: Gas
- Specified for: Germany
- High Speed Burner
- 4 Gas cooking zones
- Rotary knob controls
- Integrated electric ignition through control knob
- Cast iron pan supports
- Gas safety thermocouples: gas is cut off at source if the flame fails
- Gas conversion kit

Design aligned with your style

This hob works great and looks even better. Its stunning design allows it to align with any stylish, contemporary kitchen.

Keep your pans steady and the heat in the right place

Cast iron pan supports provide a robust, durable cooking support with a professional appearance. Safe and long lasting, our cast-iron pan supports provide a robust cooking surface with a highly professional appearance. Your pots and pans will always have the support they require

Three circles of flames provide maximum heat for wok cooking

The triple crown burner on this hob incorporates three individual circles of flames into one 4kW burner for maximum heat. Perfect for wok cooking.

Light the gas with just one hand

You have total control over ignition. Simply activate the gas burner you need by gently turning and pressing then knob.
