

**Slim, sleek and 20% faster.**

The new AEG gas hob is faster in getting that right flavour. The speed burners in this hob gives you 20% more speed compared to a normal gas hob and the smooth surface fits perfectly in your kitchen design.

**Product Benefits & Features**

**Elegant integration**

With a sleek surface under the pan supports, and a stainless-steel frame surrounding the cooking area, this is a hob that instantly adds elegance. Plus it fits so well into your worktop, that it forms a single elegantly integrated surface. In short, it's a hob that deserves to be built into the most high-end work surface.

- Independent hob with controls
- Specified for: Austria, Germany
- Hob type: Gas on Glass
- High Speed Burner
- 5 Gas cooking zones
- New XL frame concept OptiFit Frame™
- Rotary knob controls
- Integrated electric ignition through control knob
- Cast iron pan supports
- Gas safety thermocouples: gas is cut off at source if the flame fails
- Gas conversion kit

**Speed Burners - accurate heat for faster performance**

The design of the Speed Burners in this AEG gas hob allows for the flames to directly target the bottom of the pan, providing quicker heat and greater efficiency. These high-speed burners get you cooking up to 20% faster.

**Keep your pans steady and the heat in the right place**

Cast iron pan supports provide a robust, durable cooking support with a professional appearance. Safe and long lasting, our cast-iron pan supports provide a robust cooking surface with a highly professional appearance. Your pots and pans will always have the support they require

**Keep cleaning simple**

Gas hobs has always been a hassle when it comes to cleaning. But with the glass surface on this AEG hob that is a thing of the past. If you spill while cooking you can just easily wipe it away without worrying about scratches and stains. So your hob will look good for longer.

**Three circles of flames provide maximum heat for wok cooking**

The triple crown burner on this hob incorporates three individual circles of flames into one 4kW burner for maximum heat. Perfect for wok cooking.
