

### Sensitive controls for precision cooking

The Direct Touch controls on this hob help you get delicious results every time you cook. Slide controls let you turn the heat up, down or off with such accuracy that you get the response you want at just the right moment. So whatever mouth-watering meal you're cooking, induction helps you make it just the way you want to.

## Product Benefits & Features

### Intelligent use of power for reduced energy consumption

The Öko Timer enables you to use energy more efficiently by using the hob's residual heat during the last few minutes of the cooking process.

### Maximise your cooking options

This hob has both an extendable zone and an oval multipurpose zone, so you have much wider choice over the size or shape of the pots and pans you use.

### Extra efficiency use of residual heat

For each heat zone on the hob, the OptiHeat Control tracks the level of residual heat, so you can make the most of your remaining heat and optimize your energy usage.

### Closely monitor each stage of the cooking process

To enable you to closely monitor the progress of each dish, the hobs CountUp Timer starts at zero and keeps counting until you stop or reset it.
