

Total cleaning coverage

Even a packed dishwasher will get a thorough clean with the Series 40 OrbitClean dishwasher. The spray arm ensures water reaches every corner, so no dish, glass or plate is missed. And with up to three-times better spray coverage than the average, you can expect sparkling results every time.

Product Benefits & Features

Reach every corner with OrbitClean

Brilliant dishwashing results are easily achieved with OrbitClean, giving your dishes three times better spray coverage than a standard dishwashing system. The double-rotating mechanism changes direction and angle during the cycle so water reaches every corner.

Every glass cared for, with SoftSpikes

SoftSpikes are designed for reassurance. Forget manually handwashing delicate glasses, as the soft rubber pads will hold them securely in place during cycles. Total peace of mind, no matter what type of glass.

Intuitive cycle setting, with TimeSet

TimeSet is the easy way to start a cycle. Choose how long you would like the cycle to be, and then pick any extras you need – the machine does the rest. Just close the door, and relax.

- Water sensor detects the level of dirt and adjusts water consumption
- Touch control for programs and functions selection
- AutoOff
- Warm water 60°C
- 8 programmes, 3 temperatures
- Dishwasher programmes: 160 Minutes, 60 Minutes, 90 Minutes, AUTO Sense, Eco, Machine Care, Quick 30 Minutes, Rinse & Hold
- Options: GlassCare, XtraPower

- Height adjustable upper basket, even when fully loaded
- Upper basket with 2 Grey Soft spikes, Plastic coloured handle
- Cutlery basket
- Lower basket with 2 foldable plate racks, Plastic coloured handle
- Aqua Control
- Installation in height
- Indications for salt and rinse aid

Stay updated, with Beam On Floor

The Beam On Floor function projects a coloured spot on the floor in front of the dishwasher, showing if a cycle is running or has finished. Red will indicate that it's running, and green will tell you that it's finished. So you'll always be informed.

Three times better drying, with AirDry

AirDry technology lets air into the dishwasher in the last phase of the drying process. The door will automatically open to allow a 10cm gap, for up to three-times better drying, compared to our closed-door systems.
