

ZEV8648XBA BI Hob

Enjoy more room to cook with even larger pots and pans

This ceramic hob gives you more room around each of its cooking zones – one extra large and four standard-sized – to fit even larger pots and pans.

Gives you some of the quickest results possible!

The ceramic cooking zones on this hob heat far more rapidly than solid hot plates, enabling you to boil water and cook meals even faster.

Easily cook more – and larger – dishes at the same time!

The double cooking zone and special paella zone on this hob make it easier than ever to use unusually large pots and pans or to cook for a crowd.
